

EBP – Year 10 Interview Day

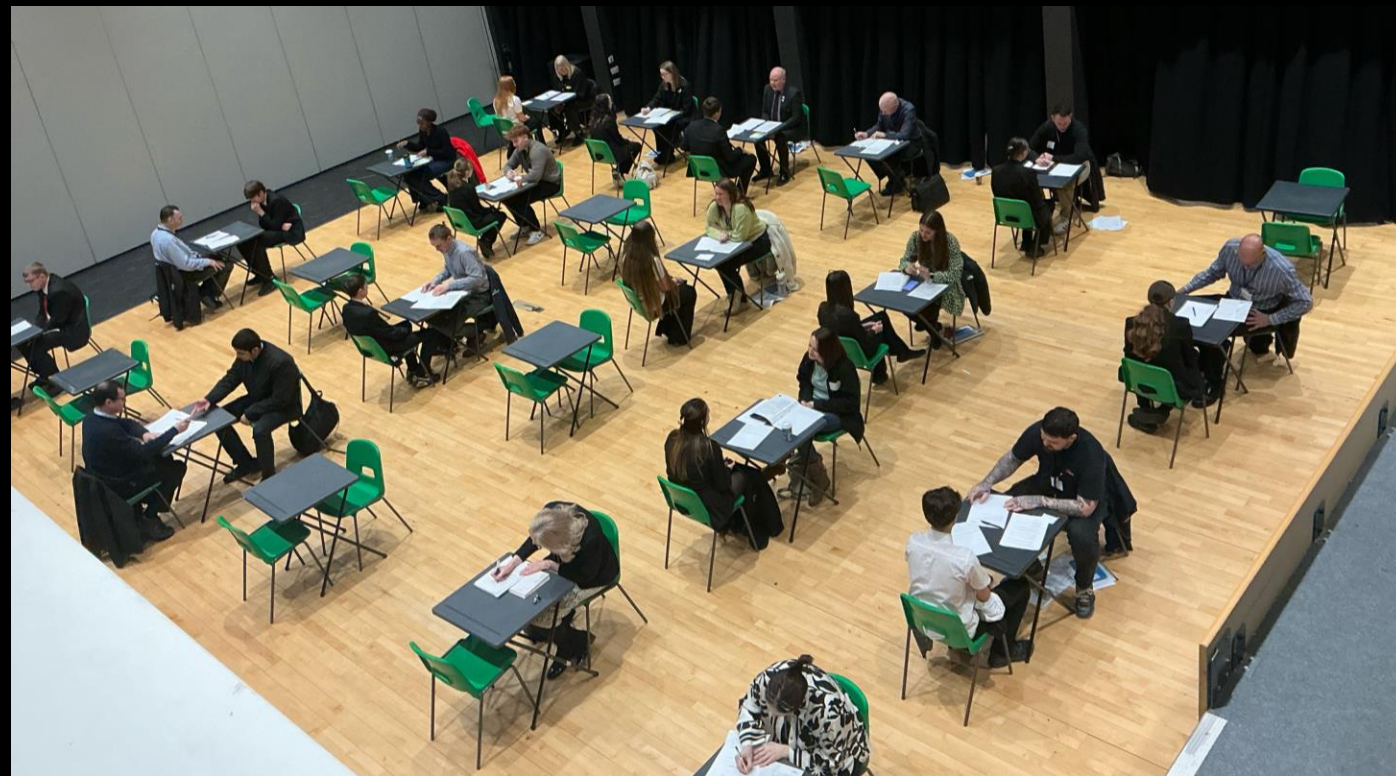

For the PD day, Year 10 met a range of employers and were part of a practise interview. Employers were from a variety of sectors, including COLAS, Kier and even a barrister!

They had prepared CVs to share with the employer and then were asked a range of interview questions.

Students were nervous prior to the interviews but came away feeling more confident and less anxious for any future interviews.

The employers were very positive about the student, with some stand outs for the level of confidence and communication skills shown.

Well done year 10!
